

# Found and Forgiven

Words and Music by **Brett Weller**

## *Bridge Chorus*

E B  
Oh how marvelous! How wonderful!  
A  
Is the unfailing love of God  
E - B  
And that's why I keep on singing out

## *Verse 1*

E  
I take it bad, I'm broken With this beam across my shoulders  
B  
Walking up this bloody mountain where Your tattered body's broken  
A E - B  
Myself, I'm torn into screaming I need Jesus

## *Chorus 1*

A  
You can find me in the wine press waiting for a miracle  
C#m  
Leader of the Heavens Heaven come fill up my world  
B A  
You make me mighty You make me mightier

## *Chorus 2*

A

You can find me in the wine press waiting for a miracle

C#m

Leader of the Heavens Heaven come fill up my world

B

A

Here's my heart to stay in You've made me your temple

## *Verse 2*

I've sang Amazing Grace each time how sweet the sound that saves

Watch me sinking in the mire beneath a ship-wrecked bows a-break

You find a dirty wretch like me then I heard Jesus

## *Verse 3*

It's a narrow winding road with no castles built on hill-tops

I hear the panting pack of wolves as they wait at every rest stop

Would you help me while I'm here? Help me Jesus
